

## Public Education & Advocacy

Through such tools as the agency website, the AwareNews newsletter, monthly Did You Know advisory bulletins, the agency's social media sites, and regular awareness events, The Prevention Council keeps public officials, educators, youth mentors, and the citizens of Erie County informed of vital issues concerning the risks of alcohol and other drug use.

### We provide the community with valuable resources:

- Current substance abuse information
- Referrals and linkages to other community resources
- Updates on public policy issues and new laws

### Community Presentations:

Presentations are available for professionals, community members, school groups, and other organizations at a minimal cost. Please call to schedule.
